

Plant to Remember

City of High Point

Memorial Tree Program

Planting a tree is a beautiful and lasting way to honor a friend or memorialize a loved one. Fill out the enclosed application indicating your preferred location and type of tree and mail with a check to the address provided. You'll not only be giving a perfect gift for a birthday, graduation, wedding, or retirement, but you'll also be giving a gift to your community. Honorees will receive a certificate, and their names will be listed on our webpage and placed on a plaque for display at the library.

For questions call: (336) 883-3328

Urban Forestry in High Point:

In 2004, the City of High Point created an Urban Forestry Committee to oversee implementation of the city's urban forestry program. The Committee has the responsibility to "develop, adopt and maintain standards and practices for the conservation and maintenance of trees on city owned or controlled property." Private property owners are encouraged to use these Guidelines whenever possible to ensure the health of trees on their property, thereby enhancing the city's overall tree canopy. The Guidelines are available on the Planning & Development Department's website at:

www.highpointnc.gov/plan/docs/Guidelines_and_Standard_Practices_for_Trees.pdf

Having a tree board or committee is one of the four criteria for receiving designation as a Tree City USA from the Arbor Day Foundation. The other three criteria are having a tree care ordinance, maintaining a community forestry budget of at least \$2 per capita, and holding an annual Arbor Day observance. High Point was awarded Tree City USA designation for the tenth consecutive year in 2014.
